SAN JOSE STATE COLLEGE

VOL. 49 SAN JOSE, CALIFORNIA, THURSDAY, MARCH 29, 1962 No. 94

## Amendment Proposed To Alter Structure of Student Council

A proposed amendment to the ASB constitution which would radically alter the structure of Student Council came before Council at the group's meeting yesterday.

Introduced by junior representative Steve Larson and sophomore representative Bill Erdman, the plan would make class presidents voting members of Student Council and would trim the number of Council members to 17 from its present 19.

The proposal was referred by a unanimous vote to Student Council's Constitution and By-laws committee and the Academic committee for further study.

Under the proposed plan, according to its sponsors, Student Council would be composed of the four class presidents; six upper division representatives; six lower division representatives; and the ASB vice president as chairman. The move does not allow for a set number of representatives for a specific class.

This means that it would be possible for six members of one class to represent a division. Graduate students under the proposal would be classified as upper division.

Under the present set-up, Council is comprised of four representatives from each class; two graduate representatives; and the ASB vice president as chairman.

The Constitution and By-laws committee, chaired by Erdman, and the Academic committee, headed by sophomore representative Dirk Eastman, will make separate reports to the Council at next week's meeting.

A second constitutional amend-

ment proposal, also by Larson and Erdman, was similarly referred to these committees for a week.

This proposal, which calls for the addition of two items to the constitution, asks that ASB elections be defined as those involving the election of ASB officers, and constitutional changes; and that an ASB election be declared invalid if votes are not cast by at least five per cent of the Student Body.

At present, ASB elections are not specifically defined in the constitution.

In other business, Student Council approved two ASB appoint-

ments by student Pres. Brent Davis and rejected a third.

Named as justices on the ASB Judiciary were Martin A. Cooper and Phil Cook, while Council gave the appointment of ASB personnel officer Barney Goldstein as senior representative on the Council a 3-7-2 thumbs-down vote.

This means Council is now operating with two vacant posts—senior and graduate representatives. Gary Wood resigned his senior position three weeks ago and graduate representative F. J. Esparmer's resignation was accepted yesterday. Both men gave class conflicts as reason for leaving.

## Dr. Watson Reviews 'Rebel' in Book Talk

The life of Emma Goldman, a radical anarchist who challenged the social, political and intellectual convictions of Americans from the 1890s to 1940, was reviewed by Dr. James E. Watson, associate professor of political science and education, at the book talk yesterday in the cafeteria.

Speaking before an informal audience of students and faculty, Dr. Watson related the radical, revolutionary ideas advocated by Miss Goldman and her associates as depicted by Richard Drinnon, professor of history.

"She was an anarchist lecturer and publicist, an agitator of free speech, a popularizer of the arts, a leading feminist and pioneer advocate of birth control, and a sharp critic of Soviet communism," Dr. Watson declared.

Anarchists are usually thought of as wild-eyed, bomb-throwing radicals, "but Emma Goldman did not fit this stereotype. She was a remarkable woman of many parts," Dr. Watson asserted.

The basis for Miss Goldman's beliefs evolved from the influences of the anarchist radical, Peter Kropotkin, a Russian prince.

Throughout her activities as a lecturer and organizer, Miss Goldman's name was linked with Alexander Berkman, another active anarchist of the early 1900s, Dr. Watson pointed out.

Miss Goldman was characterized by the press of that time as "Red Emma," a wild radical who threat-

ened the safety and security of the nation.

Stepping to her defense, however, John Dewey, American philosopher and educator, said, "Emma Goldman's reputation was made up by yellow journalism and misguided police raids."

After years of political maneuvering, Miss Goldman was deported to her native Russia in 1919.

Shocked by Russian life after the revolution, she lectured throughout Europe and Canada, denouncing the posing threat of the Soviet Communist government. She died in Canada in 1940.

## Publisher To Talk On 'Road to War'

Burton Wolfe, editor and publisher of "The Californian," liberal monthly San Francisco magazine, will speak on "American Nationalism and the Road to World War III" tomorrow at 12:30 p.m. in Morris Dailey auditorium.

Wolfe will be the first non-faculty speaker sponsored by TASC (Toward Active Student Community) this semester.

Wolfe, a declared opponent of right-wing conservatism, appeared last week at Foothill college in an active discussion with his audience. Robert Welch, head of the John Birch society, spoke the same day but declined to appear with Wolfe.

## SAC TALK

"The Conscience of a Conservative" will be explored by H. McDowell, an associate of U.S. Senator Barry Goldwater of Arizona, today at 3:30 p.m. in Morris Dailey auditorium.

The talk, sponsored by Students Against Communism, will be open to the public.

## Senate, Assembly 'Battle' over State College Trustees

SACRAMENTO (UPI) — The trustees of the state colleges found themselves caught in a tug-of-war yesterday between the senate and assembly.

Unless they move their headquarters from Los Angeles to Sacramento the senate threatened in its version of the budget they'll lose their salaries totaling \$1,047,000.

The assembly version of the budget says exactly the opposite—if the trustees spend five cents to move their headquarters back to the capital city, they'll go without pay checks.

Obviously, neither house is serious about abolishing the trustees but both are adamant in their demands over the location of the headquarters.

The trustees have testified they want to set up shop in Los Angeles so that they will be closest to the largest concentration of population and the site of most state college campuses.

The senate, particularly its influential leader, Sen. Hugh M. Burns, D-Fresno, feels too many state

(Continued on Page 6)

## 'Satchmo' To Blow For Alumni Fund

Famed trumpeter Louis "Satchmo" Armstrong and his All-Stars will appear in civic auditorium Saturday night at 8:30.

Tickets to the concert may be obtained at the SJS Alumni office, building K, on Seventh st. next to the cafeteria. They are also at the San Jose box office, Ste. Claire hotel, Market and San Carlos sts. Tickets are \$4, \$3.50, \$3 and \$2.50.

The appearance of the popular jazz musician and his band is sponsored by the SJS Alumni assn. A portion of the concert's proceeds will be used to build up an alumni scholarship and development fund which was initiated last summer.

## Egyptian Engineer Guest SJS Prof

EXCHANGE PROFESSOR—Dr. Ibrahim H. A. Elabd, professor of electrical engineering, is teaching at SJS on a program supported by the Egyptian government. Dr. Elabd instructs 14 courses in electrical engineering.

## English Dept. Sets April 13 Literary Awards Deadline

A deadline of April 13 has been given by the English department to SJS students wishing to enter the contest for the annual Phelan Literary awards held here.

Prize allotments will total \$1000. Students wishing to enter competition must not be over 30 years of age and must be registered as a regular student at SJS for at least one semester of the regular school year.

Ten creative writing areas are open to student contestants. They include: patterned lyric poetry, sonnets, free verse lyric, narrative or satirical verse and prose satire. Other forms are short stories

(over 2000 words), short, short stories (under 2000 words), familiar essay, critical essay and plays.

Entries may be submitted to the English department office in the Faculty Office building.

All entries must be typed and double-spaced. Students may enter any number of manuscripts in each division. All student writings are eligible if they have not been previously published.

Judging of entries in each category will be done by committees made up of members of the English faculty.

Winners are scheduled to be announced in May.

## Tuition Hike

## Amendment Excludes International Students

By JOAN JACKSON

A major victory in the drive to exempt foreign students from a hike in out-of-state tuition fees was scored yesterday when the state senate education committee voted to amend the proposed bill, excluding foreign students from the increase.

SJS graduate student Francis Azimi and Dr. Harold Kazmann, president of the International Student center in San Jose, appeared before the committee yesterday in Sacramento to explain the amendment which originated at SJS.

Azimi said the six senators on the committee had overlooked the fact that the proposed non-resident tuition hike would affect 20,000 foreign students attending California state colleges.

Petitions favoring the amendment to senate bill six, proposed by Senator George Miller of Contra Costa county, were presented to the committee by Azimi. More than 500 signatures had been obtained in two days.

The committee voted unanimously to include the amendment in the bill when it is presented to the senate within the next five days.

Azimi pointed out to the senators that the additional revenue for the tuition hike from \$255 to \$360 annually would be very minimum.

"We're competing with Russia in an ideological war and we have to offer something to attract students here," he told them.

Supporters of the amendment

claim the state of California should follow the lead in establishing a "Peace Corps on the home front" for her foreign students.

An increase in tuition would mean many foreign students would be unable to return next year because of a strict budget, according to Azimi.

A number of SJS foreign students pointed out that a tuition hike would affect students in the native country who are considering coming to American schools more than those already enrolled in the schools here.

"These neutral students at home will choose to go to Soviet schools where the tuition is free, rather than pay the higher fee for U.S. schools," a student from Pakistan told the Spartan Daily.

## State Decides, 'No Authority' In SJS Seventh St. Appeal

After reviewing the Seventh st. controversy, the state public works board has decided it lacks authority in resolving the problem and will leave it squarely up to the state college board of trustees.

The city of San Jose is reluctant to close the street bisecting the campus without assurance that the state will widen alternate streets to handle the increased traffic load adequately.

"We're not in a position to put pressure on the city or the college," said Hale Champion, state finance director and chairman of the public works board.

The board lost extensive policymaking powers over physical development of college campuses when the new state master plan for higher education was effected. Only specific proposals now come before the board for appropriations.

While no official action could be taken, board members did see merit in closing Seventh st. permanently, thereby adding area to the campus proper.

They saw only limited advantage to closing the street to general traffic, reserving it for college parking and access.

Robert Bradford, state public works director, briefed the board

on the problem after conferring with San Jose City Manager A. P. Hamann last week.

He told the board that approximately 6000 cars use Seventh st. daily. Of these, 2000 comprise "through traffic" and 4000 are associated with the campus.

San Jose City Council will consider the street closing at its meeting Monday. The tie-breaking vote of City Councilman Parker Hathaway will decide the issue, previously deadlocked in a 3-3 vote.

SJS student council officials and interested students are expected to be at the meeting to support the college request for closing the street and to present a student petition.

## Friday Flick

Diplomatic relations between the U.S. and the tiny realm of Lichtenberg take a dip in "Call Me Madam," tomorrow night's Friday Flick, 7 and 9 o'clock at TH55.

The fast moving musical comedy film which stars Ethel Merman, Donald O'Connor, Vera Ellen and George Sanders, pokes fun at U.S. foreign support, senate investigating committees and diplomacy.

Admission to the film is 25 cents.

## Psychologist Will Speak

Dr. Harry F. Harlow, famed research psychologist and professor of psychology at the University of Wisconsin, will speak on "The Effects of Early Experience on Personal-Social, Heterosexual and Maternal Behavior in Monkeys" at 8 tomorrow night in Concert Hall.

The SJS Psychology department and the college lecture committee will sponsor the talk in conjunction with the National Science foundation and the American Psychology assn.

Professor Harlow holds B.A. and Ph.D. degrees from Stanford university. He has been on the Wisconsin faculty since 1930. A member of numerous professional and scientific societies, Professor Harlow was awarded the Warren medal of the Society of Experimental Psychologists in 1956.

Since 1951, Professor Harlow has edited the Journal of Comparative and Physiological Psychology and was president of the Midwestern Psychological assn. in 1947-48.

He was a Carnegie Fellow in anthropology at Columbia university in 1939-40, and chief of Human Resources research for the Army in 1950-52.

The talk will be open to the public without charge.

## Political Columnist To Speak Monday

Political columnist Marquis Childs, one of the so-called "hard core" of the Washington press corps, will discuss the first year of the Kennedy administration in his speech "Washington Calling," Monday at 8 p.m. in Morris Dailey auditorium.

A newsman for 35 years, Iowa-born Childs is author of several books and the syndicated column, "Washington Calling," appearing in over 150 newspapers.

The columnist was graduated from University of Wisconsin with a B.A. in 1923, and took an M.A. at University of Iowa in 1925. He has been a Washington correspondent since 1934.

## world wire

DAMASCUS, Syria (UPI)—The Syrian army seized power early yesterday and promised to continue the principles of last fall's military coup which split Syria from Egypt. The early morning takeover toppled the shortlived government of President Nazim El Kuds, who resigned along with his cabinet and 172-member parliament. Damascus radio announced that Gen. Abdul Kerim Zahreddine, commander-in-chief of the army, had accepted the resignations of political leaders. This seemed to place him as the leader of the coup. A series of army communiqués established military rule but promised eventual return of the government to civil control.

USSR IS LONE 'BIG POWER' AT GENEVA  
GENEVA (UPI)—The 17-nation disarmament conference settled down yesterday to detailed examination of Communist and Western plans. Russia's Andrei Gromyko was the only big power foreign minister still on hand. The conference called an off-the-record meeting this morning for consideration of pre-disarmament measures which might reduce the risk of war. With Secretary of State Dean Rusk and British Foreign Secretary Lord Home gone, 11 foreign ministers and one defense minister remained for the discussions that are expected to continue at least through the summer. The other nations were represented by lesser officials. The West hoped for agreement by mid-summer on measures to end the spread of nuclear weapons. The Russians apparently intended to stand firm on their all-or-nothing demand for general and complete disarmament without international inspections.

ARGENTINE MILITARY MAKES POWER BID  
BUENOS AIRES (UPI)—The armed forces yesterday arbitrarily removed President Arturo Frondizi's palace guard and seized the communications ministry in an apparent prelude to the ouster of the chief executive. The heads of the army, navy and air force called on the President to demand his immediate resignation. His downfall appeared inevitable. Only a few hours earlier Frondizi had survived his 36th crisis in less than four years, an unsuccessful pocket revolt aimed at seizure of government radio stations when the army broke up the plot by apparent right-wing extremists.

## Deputy Registrar

A deputy registrar of voters, sponsored by the Democratic club, will be in the cafeteria again today from 10 a.m. to 3 p.m., according to Fred Branstetter, Democratic club president.

"Had we but world enough and time/ This coyne lady were no crime." The lady was coy because she wanted to know whether Andy preferred a muted plaid or a check sportcoat. Incidentally R/A has both in all the new Spring colors. At 39.50 and 49.50.

## Editorial

## Boxing Furor

When Emile Griffith battered Benny "Kid" Paret so badly Saturday that Paret was sent to the hospital in critical condition, the furor over boxing arose once again.

"Ban boxing," the opponents of the sport cried. One San Francisco sports writer compared boxing to bear fighting, dog fighting and chicken fighting, all of which have been banned in this country.

He said, "The brutality of these contests could not be tolerated. In what way is brutality lessened when the blood of man is shed?"

There is no answer to this question, of course. The brutality is not lessened because man is fighting man. However, in the case of man, he is supposedly able to decide on the odds against him in the ring.

True, the main aim in boxing is to hit the opponent and knock him out. It is a brutal sport, but the idea of banning it because of one man's injury or even death doesn't make sense.

There are more deaths each year attributed to football than to boxing, but no one cries "ban football." The number of deaths on the gridiron in 1959 was 37. In the same year, there were 11 deaths in boxing—seven amateurs and four professionals.

With 2077 boxers having competed in three or more professional fights that year, close to 2000 additional competitors in one or two contests and almost 7000 amateur boxers registered, one would expect an even more extensive list of deaths than the .091 per cent.

In professional boxing, not one of the deaths occurred in the United States.

Why the good record of boxing? Because the medical advisers of the boxing commissions are on the alert. No longer do they listen to the fans who yell for blood.

The majority of fans who attend boxing shows have been educated to the fact that a one-sided contest, or one in which severe cuts are inflicted, should be stopped.

Those who shout "Let's kill boxing," should study the college football report.

Football is likewise a dangerous sport that has brought death and severe injuries in high schools and colleges, but no one has thought of banning it.

—J.H.

## LITTLE MAN ON CAMPUS

## Pakistan President Talks About Aid, Democracy

By PHIL NEWSOM  
UPI Foreign News Analyst

KARACHI, West Pakistan—When Pakistan completes its second five-year plan four years hence, United States aid will have totaled about \$2 billion.

Of this amount, \$1 billion already has been spent and another \$500 million authorized. Other aid will come from West Germany, Britain, Japan, Canada and France.

This expression of confidence in Pakistan's future largely is due to the country's straight-talking soldier president, Field Marshal Mohammad Ayub Khan.

Ayub, a graduate of Sandhurst, Britain's West Point, addressed the United States Congress last year and talked in typically tough terms.

Of foreign aid, he told the lawmakers, "You had better not get tired at this point."

## FRIENDS NOW

Countries such as Pakistan, he said, "are pressing against you as friends. But if we don't make the grade and, heaven forbid, fall under communism, then we will be pressing against you again—but not as friends."

It was an unpleasant topic, but Congress gave him an ovation.

Ayub came to power in a bloodless coup in 1958 and since has ruled the country under martial law.

Early this month he took the first step toward establishing Pakistan as a democracy.

## NEW CONSTITUTION

He announced a new constitution placing the country under a president and a two-hour parliament. Ultimately, he foresees a presidential system on a pattern similar to the United States. But he does not see it now in a country where literacy is only about 19 per cent.

For the present he plans a "basic democracy" wherein one "basic Democrat" will be elected to represent a village. From this will pyramid district councils of "basic Democrats," provincial councils, and finally a parliament and a president.

In the end, a basic body of some 80,000 "basic Democrats" will elect the president and parliament.

An American here sized up Pakistan this way: "Whether or not Pakistan is to have a democracy will depend on how Ayub feels about it."

Right now Ayub seems to improve.

## Elsewhere

By DON CHAPMAN  
Exchange Editor

Action, a campus political party at the University of Kansas has caused a tide of criticism and controversy which dominated the front page of the Daily Kansan last week.

Two of the party's organizers severed affiliation with the group and charged that it was "created for the personal advancement of a few people."

Dr. Robert A. Scalpino of the University of Redlands said recently that "There is a rising revolt of Soviet youth," in a lecture at the college.

Scalpino, who made a recent trip to the Soviet Union, observed that "It is an aesthetic revolt, not against communism as such, but against the conservatism in communism which has controlled music, literature and art forms. I think that there will be some accommodation to western values soon," the Bulldog reported recently.

"Hades," the theme for Los Angeles state college's spring carnival, has drawn applications for 29 booths. A "Little Las Vegas" booth, a "hitching post," and a "jail" booth are among the ideas various groups have contributed.

## JFK's Conference

## Thrust and Parry

## Administration Errs On Discrimination

Editor:

In refuting CORE's findings that nine approved housing units with vacancies refused Negroes the right to rent, I feel that Dean Benz and Vice President Dusel demonstrate a complete lack of understanding of the fact of discrimination in housing.

How can Vice President Dusel "summarize the administration's feeling (that there is) no information that any student needing housing has been discriminated against?"

Dean Benz feels "we can be most helpful if a student who needs housing comes to the office himself seeking help."

Seldom does one who is unwanted or discriminated against seek help in imposing himself on the discriminator. Not only does discrimination deny Negroes housing near the school, it refers them to less adequate housing around the periphery of the college living area.

Dean Benz and Vice President Dusel are in error when they say discrimination doesn't exist merely because Negroes don't clamor at their doors in search of enforcement of their rights.

Why should it be necessary for them to seek help from the housing office to find housing that supposedly is "available to all?"

ASB A5669

## Letter Discourages Potential Member

Editor:

Speaking as a Republican, I was embarrassed by Bill Pollacek's letter in last Thursday's Spartan Daily. I was not embarrassed for him personally, for I believe it is everyone's right to be rude, irresponsible and disrespectful, but I was embarrassed apprehensive lest anyone consider a person who would write such a letter to be a typical Republican.

Perhaps it is true that the Young Republicans are considered an ultra-right organization but, if so, it is not a result of a whispering campaign or direction slips to the lavatory but rather just such letters as Mr.

Pollacek's. This tirade, with imaginary conspiracies as its basis and irresponsible accusations as its result, was as radical and unprincipled a statement as I have ever read.

In the first place such a whispering campaign is unlikely because of the lack of political interest on this campus. The "pink sheet" issue has been blown all out of proportion and probably was originated as a prank rather than as a deep, dark subversive plot for the destruction of the Young Republicans. And exactly what do these issues have to do with being "blasted by left-wing liberal professors—hot aired professors," or is Mr. Pollacek merely dragging in some personal vindictiveness.

If Mr. Pollacek is looking for a reason for the weakness of his organization, I suggest he look no further than its president and vice president. I, myself, and I am sure many other Republicans, who had thought to join such an organization, have been discouraged by just such ugly anti-intellectual letters by its officers.

Perhaps it is time for a reasonable Republican organization on campus. Since the title Young Republicans seems to be sewed up, I would propose "Rational Republicans" as a title no one would mistake for the other group. If anyone were interested I would be willing to help form such an organization to work for the good of the Republican party rather than its defilement.

Charles E. Harrison  
ASB 7395

## 'Was Jesus Un-American?'

Editor:

Here's a reply to the ludicrous, sabre-rattling rantings of Mr. Avery. He would be so inhuman, so callous as to "drop the bomb now" and destroy the largest race of man, the Chinese people.

All this he advocates in the name of God and patriotism. He quotes "The Battle Hymn of the Republic" about Christ who "died to make men holy" and urges us to "fight to make men free."

May I remind our chauvinistic friend that Christ, before he was crucified, forbade his disciples to raise their swords in His defense? He offered no resistance. This is pacifism most subversive. Was Jesus un-American?

If our answer to Richard the Lion-hearted wishes to declare a crusade against the infidel Mao Tse-Tung, let him do it alone. He can clothe himself in white armor, bear the cross,

EVERY COLLEGE STUDENT needs this book

to increase his ability to learn

An understanding of the truth contained in Science and Health with Key to the Scriptures by Mary Baker Eddy can remove the pressure which concerns today's college student upon whom increasing demands are being made for academic excellence.

Christian Science Organization at

San Jose State  
MEETING TIME  
7:30 Tuesday  
MEETING PLACE  
Memorial Chapel  
STUDY ROOM  
134 E. San Fernando

and, wrapped in the flag, ride off on the steed of patriotism to engage the foe. Let him die for his country, if he wishes, waving the Stars and Stripes and singing "America" and "Onward Christian Soldiers."

Can we "make men free" after a total nuclear war? Can they even survive? Perhaps "civilization" will continue. Maybe the last remnants of humanity will be conquered by an armada of dugout canoes. The Australian aborigines may declare holy war spreading kangaroo worship with the boomerang.

## Thanks Given Lecture Committee

Editor:

I would like to express my appreciation to those responsible for arranging the talk by Mrs. Hubbard, "As Africans See Africa," on March 15, and for inviting the general public.

This was one of the best talks on Africa I have ever heard and contained a wealth of information. I must say, however, that I was disappointed by the relatively empty auditorium.

It also would not surprise me if I was the only African present and I am a non-student and of European descent. There did not appear to be a single dark-skinned face in the audience. There surely must be some Negro African students at SJS and they, too, could have learned a lot.

# U.N. Secretary General Discusses 'Nervousness'

UNITED NATIONS, N.Y. (UPI)—Acting Secretary-General Thant said certain Western powers were showing "unnecessary nervousness" about the United Nations which is "not at all justified."

Thant said he agreed with President Kennedy that reliance on regional organizations "should in no way conflict with reliance on the United Nations."

The Burmese diplomat did not mention criticism of the U.S. role in the world organization made last week by Sen. Henry M. Jackson (D-Wash.), but his statement was an obvious reply.

"As far as this organization is concerned," Thant said, "I feel very strongly that the United Nations has grown in strength, is growing and its influence will, in the future, not be diminished."

"I think it is a cumulative result of massive public opinion which cannot be disregarded by any country . . . I am aware of the fact that certain sections of public opinion in some countries, especially in the West, have been showing unnecessary nervousness about the trend in the United Nations."

"I feel that this nervousness is not at all justified."

# Sparta-Go-Round

By DRU CHALLBERG Society Editor

In and around the dorms and Greek houses, the bustling activity of the spring season has caught on and influenced their now bursting social schedule.

**DELTA ZETA**

Sorority members all over northern California are looking forward to the chapters' confab this Saturday in observance of Delta Zeta State day. Members will gather at Sabella's in Marin county to discuss ideas and to give achievement awards.

Here's where those late hours of studying paid off. Jo Olivo, Delta Zeta junior who finished last semester with a grade point average of 3.8, has achieved for the second time the envious honor of having the highest scholastic average for sorority women.

**ALPHA OMICRON PI**

Alpha Omicron Pi District day this Saturday will see the San Jose State chapter as host to chapters from the University of California at Berkeley, UCLA and the University of Arizona. The initiation of Linda Nash as the outstanding district pledge will climax the day's activities. All visiting sorority women will be honored at the scheduled banquet at the Ste. Claire hotel.

**ALPHA CHI OMEGA**

Alpha Chi Omega and Phi Sigma Kappa jointly sang their way to the first place trophy in the novelty division of last Friday night's "Sparta Sings" contest.

Susan Berry, to her surprise, was serenaded as the Cinderella Girl of Theta Xi fraternity by the Theta Xi members last Monday night.

The sorority will announce its final choice for its Favorite Guy at the planned Favorite Guy dance April 6 at the Almaden golf and country club.

**CHI OMEGA**

Representing Chi Omega in the Associated Women Students fashion show on April 8 will be Janie Winter, Sandy Godman and Ann Morris participated in the City-Panellenic sponsored fashion show last Tuesday.

Chi Omega sorority will observe its 67th anniversary on April 7 with the San Jose State and Cal chapters joining in an Eleusian luncheon at Berkeley's Claremont hotel.

The senior class secretariat position is now being held by Chi Omega sister Barbara Bamford.

**PHI MU**

Now conducting officer duties at the sorority are Carol Christensen, president; Linda Jones, vice president; Lois Gersten, recording secretary; Barbie Haight, corresponding secretary; Nina Sanger, treasurer; Diane Howard, standards; Linda Tanferani, pledge chairman; Beth Hopler, membership chairman; June Sherry, panellenic representative, and Anna Lou Dyson, fraternity education.

**SIGMA PHI EPSILON**

Politically active fraternity members are Jack Perkins, who recently attained the post of freshman class president, and John Worthington, now secretary for the IFC.

**AROUND THE DORMS**

An alumni exchange dance will be held Friday from 8:30 to 12 p.m. by Markham hall. All ex-residents of the hall are invited to the planned festivities.

The lovely legs of Don Warnock, entered by Royce hall in the recent Gorgeous Gams contest, walked away with third place in the event.

Judy Leino, a Royce hall resident, is the proud recipient of a scholarship to the West Coast Nature Study school's Death Valley excursion coming up during Easter vacation.

# Odetta Appears Tonight In San Jose Auditorium

**PAJE THREE — INDENT**

Folk singer Odetta brings her blues, work songs, lullabies and fantasies to San Jose's civic auditorium tonight at 8:30 for a one-night concert.

Tickets are available at Wendell Watkins management office, Sherman Clay, 89 S. First st., from 10:30 a.m.-5:30 p.m. daily and at the Peninsula box office, Town and Country village, Palo Alto. Tickets are \$3.75, \$3.50, \$3 and \$2.

Odetta's singing style has been associated with that of Bessie Smith and Leadbelly. However, her ability to pack intense emotion into a song and pour forth a rich, power sound is original to herself.

Motion appearances by Odetta include "Cinerama Holiday" and "Sanctuary." Television shows which have featured the singer as guest star include the Ernie Ford show and the Belafonte Spectacular.

Odetta, who taught herself to play the guitar, considers folk music a kind of "musical freedom." To her, these are the songs that were born from experience and grew as they were re-experienced by the generations of working people who handed them down to the present day by oral transmission.

# Air Force Officer Says Technicians In China Removed

WASHINGTON (UPI)—An Air Force intelligence officer has told congress there is evidence that Russia has removed all its technicians from Red China.

Assistant chief of staff for intelligence Maj. Gen. Robert A. Breitweiser, in testimony before the House Appropriations committee released Tuesday night, said "We view it as having been a whiplash . . . applied in response to the ideological dispute . . ."

# Little Gallery Art Exhibit Shows Imaginative Results

Results of the imaginative use of tools through experimentation in the crafts are now on exhibit in the Art department's student craft show in the Little Gallery, A114. The show will run through April 13.

The work of students in craft, textile design, needlework and weaving classes, the articles in the exhibit show the results of a current movement to make the crafts more professional.

In the past, crafts were considered hobbies, pastimes or decorative articles. There is now a present trend toward recognizing the crafts as art which serves a function but also has aesthetic qualities, according to Miss Anna Ballarain, assistant professor of art.

Work by craft students on exhibit in the Little Gallery include leather sandals, purses and bags. Textiles designed and made by the students represent such forms of decorating as hand-painting, silk screen, block printing and batik.

Other articles exhibited include rock, shell and wood mosaics, rya-loop rugs and embroidery and applique.

Two students whose work is included in the Little Gallery exhibit recently won first prizes for their mosaics from the Richmond Art center. Awards of \$25 each were won by Carol Aikin, junior of Santa Rosa, and Mary Lou Osborn, junior from Oakland. The Richmond exhibit will remain open until April 15.

Crafts now on exhibit in the Little Gallery are the work of students of Miss Ballarain, Mrs. Evelyn M. Carson and Mrs. Gladys L. Vogelmann, assistant professors of art, and Harry E. Powers, instructor in art.

The next Little Gallery exhibit scheduled is a graduate thesis show on pottery, April 23-27.

# Glenn Doubts Any Return to Routine

HOUSTON, Tex. — Lt. Col. John Glenn on the future of the seven astronauts:

" . . . I doubt any of us ever go back to what might be termed routine duty with our service units. Our experience will probably keep us with the civilian space agency."

## Phi Sig Meets DU For Hoop Crown

Two intramural basketball championships will be won tonight in the Spartan gym.

Phi Sigma Kappa and Delta Upsilon clash at 7:30 p.m. for the fraternity crown and the winners of last night's Sheik-Gridtrotter and Becheomber-Ventura Rejeants games fight it out at 9:30 p.m. for

the independent championship.

Defending champ Phi Sig will be using its size and well-balanced attack to combat well-coached and hustling DU. Spartan forward Dennis Bates has been directing the DU squad.

These two clubs met last year in a play off game for the title.

Many expected the winner of tonight's game would be facing Theta Chi for the crown in a play off game. However, the TCs lost a 44-41 decision Tuesday night for their second loss, and were thusly removed from the scramble.

Art Romero led the Sig Eps to their surprising victory with a 23 point display.

In other fraternity league action PIKA dropped Sigma Chi, 50-42. Tony Broadwood got 18 for the PIKAs. DU stopped Theta Xi, 37-34. Skip McKenna scored 12 for the winners.

### Catcher

CHICAGO (UPI)—Manager Al Lopez of the Chicago White Sox holds the major league record for catching the most major league games. Lopez was behind the bat for 1918 while playing for Brooklyn, Pittsburgh and Boston in the National League and with Cleveland in the American.

LLOYD MURAD, the speedster from Caracas, Venezuela, is one of the world's leading sprinters. He has posted a 10.3 in the 100-meter dash and a 21.4 in the 220-yard dash around a curve. He is undefeated as a freshman in both the 100-yard and the 220.

## Flashy Speedster Joins Winter's Sprint School

By JOHN HENRY

Another speedster has entered track Coach Bud Winter's school for sprinters. The latest addition is freshman Lloyd Murad, a flashy runner from Caracas, Venezuela.

Murad joins a school that boasts of past and present champions like Ray Norton (9.3 in the 100) and Dennis Johnson (9.3).

Although Murad had not run the 100-yard dash before this season, freshman track coach Dean Miller is hoping that Lloyd will better the U.S. freshman record in the century. To break the record (9.3 held by Robert Hayes) Murad must tie the world record held by Hayes and Frank Budd at 9.2.

In the past Murad has competed in the 100-meter dash, running it in 10.3 (three-tenths of a second off the world record).

He went to the 1960 Olympics representing Venezuela, where he was in the quarter-finals before going down to defeat.

Murad is not one to boast of

past achievements. However, Miller does say that Murad should be one of the top freshman runners ever.

Murad showed his speed when he ran the 60-yard dash in 6.0 seconds in practice, unofficially one-tenth of a second under the world record.

Murad came to San Jose State because of the fine things he had heard about Bud Winter and the SJS coaching staff.

The coaching standards are higher in the United States than they are in South America, Murad said. He mentioned that the main difference between the two is that more research is done in the U.S. than in South America. Murad ran for clubs in Venezuela before he came north.

Although he may be close to breaking the freshman record in the 100-yard dash, Miller thinks that, because of his strength, Murad will be better in the 220.

Miller plans to run Murad on the frosh mile relay team. He thinks that Murad can turn in good times in the quarter.

Murad doesn't have any specific plans for the summer but does hope to compete in the Central American games in Jamaica.

At 27, Lloyd is on the threshold of greatness. He may take his place among the great names in the sprinting world (Frank Budd, Ray Norton, Dennis Johnson, Robert Hayes and others) who have lowered the world sprint marks until now times that 25 years ago were thought impossible are the world marks.

Who will go under 9.2 seconds in the 100? It may be Lloyd Murad.

## WHAT'S THE PRICE ON YOUR HAIR?

S. I. TUROFF  
Director, California  
Turoff Offices

How can you TELL if you are going bald? Be honest with yourself, that's all. If you've got excessive hair fall, excessive dandruff, itchiness, excessive dryness or oiliness, thinning or bald spots, you don't need an expert to know your hair is leaving you forever.

Now, we don't care HOW skeptical you are (we face skeptics all day long)—all we ask is that you come in and listen to a Turoff expert. Do that, no matter WHAT well-meaning friend or relative has tried to discourage you. We are proud (and grateful) that an appreciative public has made us California's leading hair specialists, with six offices now and more pending.

Our examination is FREE, always has been—you can't do better than that, can you? Why wait? Challenge us to prove we can keep you from baldness! But nothing happens (except you keep getting bald) until you see us. Come in NOW! No appointment needed for free examination.

## Baseball Nine Defeats USF

The Spartans took their second baseball win in WCAC play and evened their over-all record at eight wins and eight losses when they defeated USF 8-4 Tuesday.

San Jose took a quick 5-0 lead in the top of the first inning on a double by Len Rosenfeld, a walk to Bob Pimentel, a single by Lon Romero, a single by Ron Lindemann and a home run by Carl Fisher.

The Dons scored a run in the second inning, but SJS came back with three in the third to take an 8-1 lead.

The third inning scoring was led by Rosenfeld's home run and singles by Fisher and Bill Dawson.

USF couldn't score again until the sixth inning when one run came across and then in the ninth two more USF runs ended the game.

The freshman nine also won its game Tuesday, 8-4 over Del Mar high school.

Gary Strom was the big gun for the Spartababes getting a triple and a home run.

Both teams return to action tomorrow. The varsity plays USF at Municipal stadium at 7 p.m. The frosh travel to San Francisco for a 3 p.m. game with the USF frosh.

up in the National league standings remains to be seen.

Most of the positions in the infield will be held by veterans who were question marks with their clubs last year.

Gil Hodges (.242) and Ed Bouchee (.248) both have seen better days. If they can put in one final good season then the Mets will move up.

Charlie Neal (.235) is one of the best fielding second basemen in the league. It is hard to understand why the Dodgers got rid of him after his one bad season.

At third the Mets will go with Don Zimmer (.352) who is an adequate fielder and may return to his past performances.

Shortstop will be handled by Felix Mantilla (.215) a terrific fielder who could never learn to hit for Milwaukee. Maybe he will come through for New York.

Veterans Richie Ashburn (.257), Frank Thomas (.281, 27 homers) and Gus Bell (.255) were all great in the past. If they can put in one good year for the Mets the ball club will do better than expected.

Hobie Landrith (.239) will probably be the regular catcher. He will be backed up by Joe Ginsberg (.222), Clarence Coleman (.128) and Chris Canizaro (.203 with Portland).

The only pitchers with major league experience are: John Antonelli (0-4), Roger Craig (5-6), Jay Hook (1-3), Al Jackson (1-0), Sherm Jones (1-1), Billy Loes (6-5), Bob Miller (1-3), Howie Nunn (2-1) and Craig Anderson (4-3). Their grand total of wins was 21.

PREDICTION: Tie for eighth place. Next: The Philadelphia Phillies.

# Top Distance Men Compete Saturday

## SJS Spikers Battle Jayhawkers, Indians

By FRED RAGLAND  
San Jose State's track team goes up against a squad with an outstanding distance contingent for the second straight week Saturday when it faces the University of Kansas in a triangular meet that also includes Stanford University.

Starting time for the field events in the Stanford stadium affair is 1:30 p.m. The running events get underway at 2.

The Spartan distance men tangled with what is probably the

best one-two middle distance combination in the country last week when they raced against Oregon's Dyrrol Burleson and Archie San Romani at Berkeley. Burleson, the American mile record holder at 3:57.6, switched to the 880 and won in 1:48.2, fastest in the country this year. San Romani, who had captured the half mile at Fresno state the week before in 1:49.5, placed first in the mile in 4:03.8.

This week the Spartans will face Kansans Bill Dotson and Kirk Hagan, another potent pair. Dotson finished second to Burleson in the mile in last year's NCAA meet in 4:02.9. The Kansan's mile time has been topped only by ex-Kansan Wes Santee within the Big Eight conference.

Hagan won the conference half mile crown last year in 1:49.2—third fastest of all time by any Big Eight runner. He placed fourth in the National Collegiate championships last year.

Stanford is strong in the middle distances, too, with Harry McCalla and Rich Klier its chief hopes. McCalla is a 4:09 miler, while Klier has a best 880 time of 1:50.8.

Going for the Spartans in the half mile will be Jose Azevedo and Carl Maloney. Lynn Peterson will be held out of the event due to a shin splint, according to Coach Bud Winter.

Azevedo, a native of Brazil, clocked his all-time best of 1:53.0 in the 880 last week to finish second to Burleson. Maloney has a best effort of 1:54.9 this season.

Ben Tucker and Ron Davis will take on Dotson and McCalla in the mile for SJS. Tucker could break the school record in the event for the second straight week. He established a new standard of 4:08.7 at Berkeley while chasing San Romani and Vic Reeve of Oregon across the finish line. Davis has a season best of 4:14.8.

LLOYD MURAD AND DWIGHT MIDDLETON fought right down to the wire before Murad nipped Middleton in the 100-yard dash against the Cal frosh Saturday. Murad was timed in 9.7 and Middleton in 9.8. They placed the same

way in the 220 around a curve with 21.4 and 21.5 clockings. Later in the day Middleton ran a 440 relay lap in 47.1 to pace the mile relay team.

—photo by Jim Sampair

## Netmen Down Gators; Dominate Singles Play

Coach Butch Krikorian's varsity tennis team made it four wins in a row and six wins in eight matches Tuesday, handing the San Francisco state Gators an 8-1 shellacking on the Gators' own courts.

The netters whitewashed their singles opponents and took two out of three doubles matches. Stillson Judah, playing in the No. 1 spot for the Spartans for the first time this year, won in an impressive 6-3, 6-2 display over his opponent, Bill Vaughn, of San Francisco.

Judah's teammates were just as impressive in their singles play, however. All five of them won their matches in two sets, and none of their opponents got more than three games in a set. The matches' singles results follow:

Gordon Stroud over Paul Stevens, 6-0, 6-3; Lee Junta (SJS) over Roger Kim (SFS), 6-2, 6-1; Russ Wright (SJS) over Gary

French (SFS), 6-1, 6-1; Bob Adams (SJS) over Dave Smith (SFS), 6-2, 6-3; and Bob Burton (SJS) over Paul Fitzgibbon (SFS), 6-0, 6-1.

Results in doubles: Stroud and Wright (SJS) over Vaughn and Quintana (SFS), 6-1, 9-7; Stevens and Kim (SFS) over Junta and Burton (SJS), 6-4, 6-4; and Judah and Adams (SJS) over Smith and French (SFS), 6-2, 6-3.

## Cousy Bypassed In All-Star Picks

NEW YORK (UPI)—Holdovers Wilt Chamberlain, Elgin Baylor, Bob Pettit and Oscar Robertson were named to the National Basketball Association's annual All-Star team yesterday along with newcomer Jerry West.

West, who teamed with Baylor to help the Los Angeles Lakers win the Western Division title, replaced Bob Cousy of the Boston Celtics on the first team. It marked the first time that Cousy missed being named to the first team since he entered the pro ranks 11 years ago.

# Daily sports

Thursday, March 29, 1962

SPARTAN DAILY—5

## Golfers Face Pacific, Sacto and Broncos

San Jose State's golf squad leaves for Stockton today to take on the University of Pacific and Sacramento state college in a double dual meet at 1 p.m.

The three teams will be competing together in the 18 hole round, but each team's score will be counted on an individual basis against the other two teams competing.

One player from each school will go in a threesome. Eighteen points will be divided in each of the dual match scores.

The Spartans meet Santa Clara tomorrow at Almaden country club at 1 p.m.

Santa Clara, which lost several of its top men from last year's team, is led by Mitch Secondo.

He will probably be paired with John Lotz, the Spartans' No. 1 man.

Competing for San Jose tomorrow will be Lotz, Bill Aragona, Gene Miranda, Mike Tanzer, Grant Hornbeak, and Steve Brown.

## SHAKESPEARE DOESN'T LIVE HERE ANY MORE

A recent and most heartening development in American college life has been the emergence of the artist-in-residence. In fact, the artist-in-residence has become as familiar a sight on campus as Latin ponies, leather elbow patches, Rorschach tests, hula hoops, and Marlboro cigarettes.

And we all know how familiar that is—I mean Marlboro cigarettes. And why should it not be familiar? Why, where learning is king, where taste is sovereign, where brain power rules supreme, should not Marlboro be everyone's favorite? The same good sense that gets you through an exam in Restoration Poetry or solid-state physics certainly does not desert you when you come to pick a cigarette. You look for a flavor that is flavorful, a filter pure and white, a choice of pack or box, a lot to like. You look, in short, for Marlboro—and happily you don't have to look far. Marlboro is available at your friendly tobacconist's or vending machine, wherever cigarettes are sold in all fifty states and Las Vegas.

But I digress. We were speaking of the new campus phenomenon—the artist-in-residence—a man or woman who writes, paints, or composes right on your very own campus and who is also available for occasional consultations with superior students. Take, for example, William Cullen Sigafos, artist-in-residence at the Toledo College of Belles Lettres and Fingerprint Identification.

As we all know, Mr. Sigafos has been working for many years on an epic poem in rhymed couplets about the opening of the Youngtown-Akron highway. Until, however, he went into residence at the Toledo College of Belles Lettres and Fingerprint Identification, his progress was not what you would call rapid. He started well enough with the immortal couplet we all know: *They speed along on wheels of rubber, rushing home in time for supper...*

Then Mr. Sigafos got stuck. It is not that his muse deserted him; it is that he became involved in a series of time-consuming episodes—a prefrontal lobotomy for Irwin, his faithful sled dog; fourteen consecutive months of jury duty on a very complicated case of overtime parking; getting his coattail caught in the door of a jet bound for Brisbane, Australia; stuff like that.

He was engaged in a very arduous job in Sandusky—posing for a sculptor of hydrants—when an offer came from the Toledo College of Belles Lettres and Fingerprint Identification to take up residence there, finish his *magnum opus* and, from time to time, see a few gifted students.

Mr. Sigafos accepted with pleasure and in three short years completed the second couplet of his Youngtown-Akron Turnpike epic: *The highway is made of solid concrete and at the toll station you get a receipt.*

"What is truth?" said one.

Then a few gifted students came to visit him. They were a prepossessing lot—the boys with corduroy jackets and long, shaggy beards; the girls also with corduroy jackets but with beards neatly braided.

"What is truth?" said one. "What is beauty?" said another. "Should a writer live first and write later or should he write and do a little living in his spare time?" said another.

"How do you find happiness—and having found it, how do you get rid of it?" said another.

"Whither are we drifting?" said another. "I don't know whether you are drifting," said Mr. Sigafos, "but as for me, I am drifting back to Sandusky to pose for the hydrant sculptor."

And back he went, alas, leaving only a fragment of his Youngtown-Akron Turnpike epic to rank with other such uncompleted masterpieces as Schubert's Unfinished Symphony, the Venus de Milo, and Singer's Midgets.

Take cheer, good friends, from one masterpiece that is complete. We, refer, of course, to Marlboro cigarettes. Filter end and tobacco end are both as good as tobacco artistry and science can make them.

## Peter Snell, Beatty To Go in Modesto

MODESTO, Calif. (UPI)—A star-spangled mile field was in the making yesterday for the California relays May 26 at Modesto.

World record-holder Peter Snell of New Zealand Tuesday consented to run there against stubby Jim Beatty of the United States. Snell has run the mile in 3:54.4 while Beatty has won the mile here two straight years with clockings of 3:58 and 3:58.8. Beatty became the first man ever to crack four minutes indoors last month with a 3:58.9 effort in Los Angeles.

Jim Grelle and Laszlo Tabori also have been signed up for the event and efforts were being made to add NCAA champion Dyrrol Burleson of Oregon, American record holder, to the field.

## Gymnasts Journey To NCAA Playoffs

Gymnastics Coach Claire Jennett and his two prime rope climbers, Ron Dare and Dan Landers, left for New Mexico university yesterday to participate in the NCAA playoffs this weekend.

Dare finished third in the state college championships last weekend, which showed power for the Spartan entry, for practically all of the rope climbing in the United States is done on the west coast. Landers' times have been close to Dare's all season.

## Aero Department Plays Host to 14 Schools, Colleges

At a day-long conference recently, the Aeronautics department played host to visitors from 14 high schools and colleges in their annual Youth Day program, sponsored by the California Aviation Education Assn.

Gaven Dunn, an SJS student, was honored student representing the college. Robert Johnson, a Diablo Valley College student, was presented a \$2000 scholarship to the Northrup Aviation Institute of Technology by Thomas E. Leonard, head of the SJS Aeronautics department.

Working with Leonard were Nick M. Millichevich, chairman of the Youth Day program, and assistant professor of aeronautics, and Gerald Schreive, instructor of aeronautics who assisted Millichevich.

Highlight demonstration of the day was when the visiting students witnessed a sound test of a Djin helicopter.

Guest speaker of the day was T. H. Showalter of United Air Lines.

# ROTC Cadets Accepted At Technology Institute

Two San Jose State AFROTC cadets, both seniors, have been accepted for entrance at the Air Force Institute of Technology, Wright-Patterson AFB, Ohio.

The two, cadet Col. Philip F. Greeley and cadet Maj. Paul F. Riffel, will study 21 and 24 months, respectively, at the center. Greeley is presently commander of the cadet group at SJS.

## Trustees Center Of 'Tug-of-War'

(Continued from Page 1)  
agencies are moving from the capital city to Los Angeles or San Francisco to get away from the pressure of the legislature.

The assembly's position is bolstered by the fact that 31 of its members are from Los Angeles county. It was Assemblyman Thomas Rees, a candidate for the state senate from Los Angeles, who countered the senate's stand Tuesday and insisted the lower house ways and means committee prohibit the trustees from returning to Sacramento.

"The language I have put in the budget bill says that if the trustees spend five cents to move back to Sacramento, they'll be cut off from all support funds at once," Rees said.

The committee adopted the Rees amendment on a voice vote. If the lower house backs up Rees and if the senate sticks with Burns, the issue will have to be settled by a conference committee this week-end.

A conference committee is composed of three senators and three assemblymen. Their report then must be adopted by both houses before the trustees finally learn their fate.

Both cadets will enter the institute Aug. 28. Greeley will take courses leading to an M.S. degree in aerospace and mechanical engineering.

Riffel will major in nuclear engineering, and will work for an M.S. degree also.

## EL CERRITO HOME

The two will be commissioned second lieutenants upon graduation from SJS and will enter the institute as duty officers, to take classes while drawing full pay.

Greeley is a graduate of Merced high school and was honored as AFROTC distinguished cadet in October. His home is in El Cerrito.

Riffel is administrative officer of the AFROTC cadet group and is a mechanical engineering major. A graduate of Fremont Union high school, his home is in Cupertino.

The Air Force institute administers the active duty assignments of Air Force officers sent to civilian universities to do graduate work. Some of the graduate education culminates in the Ph.D. degree.

## FIELDS OPEN

The fields open to a graduate mechanical engineer are air conditioning, ballistics, heat and power, propulsion, thermodynamics, structures, standardization and materials.

The nuclear engineer attends four quarters of academic work at the institute, has two full quarters of laboratory, then returns to the institute for his last two quarters.

Maj. Joe Tarpley, associate professor of military science at SJS, said, "I feel that it would be beneficial for any freshman enrolled in the engineering program here at SJS, who expects to take a five year course, to visit us and see what his chances are for extending his studies through the AFROTC program."

Major Tarpley noted, "These cadets, Greeley and Riffel, are, as far as we know now, eligible to receive distinguished cadet awards upon graduation."

## College Chaplains To Engage in Talks

SJS college chaplains representing every major religious denomination will participate in "Conversations in Religion," a spring semester program of informal discussions in campus living groups, sponsored by the College Religious Council, April 23 to May 18.

According to the Rev. Fred Gere, Baptist campus pastor, the program is dedicated to "not necessarily increased religiosity, but rather increased awareness in all areas that a person need investigate in order to become a better leader today."

Living groups are asked to contact the college religious council in choosing a speaker for the program.

Those campus chaplains participating are: the Rev. George L. "Shorty" Collins, American Baptist; the Rev. J. Benton White, Methodist; the Rev. Walter E. Phelps, Episcopal; the Rev. Allan J. Dieter, Lutheran.

Also included will be the Rev. Gere, Baptist; Mr. Paul R. Searle, Latter Day Saints; Mr. Mark S. Rutledge, United Church of Christ; the Rev. V. Donald Emmel, Presbyterian; and the Rev. Cyril V. Leach, Catholic.

## Student Research Projects Will Be Presented Tomorrow

Twelve original student research papers will be presented to the public today and Friday from 1:30 to 3:30 p.m. in CH150, according to Dr. Gene R. Medin, co-ordinator of the research projects and associate professor of psychology at San Jose State College.

"Like any other professional research presentation, the students will be given 15 minutes to introduce their idea, and five minutes to conduct a question and answer period," commented Dr. Medin.

The event will mark the fifth annual presentation of research papers by the Psychology department and the Psi Chi chapter of Psi Chi, national honorary psychology fraternity.

Presenting papers today will be William J. Hudspeth, John Doolittle, Richard A. Eppler, Miles A. Vich, John D. McCann and Ronald C. Johnson and Sandra Coogan.

Friday's program will include Michael R. Meeker, James Pugh, Paul F. Zelhart Jr., Arthur C. Vicory Jr., James C. Reese and Lauren K. Gerbrandt.

According to Dr. Medin, the projects are strictly voluntary and designed to stimulate student interest in research.

Interviews for the positions will be held in the Union Monday through April 13. Applicants must sign up for an interview time when obtaining an application. The application will be due on the day prior to the interview.

Approximately 70 students will be selected as orientation leaders by the committee, said the chairman. Their duties will be to conduct discussion groups and campus tours for new students next semester.

Our trained stylists are in demand. We place our graduates in the hair styling field. These are well-paid jobs with plenty of room for advancement. Call for information about our modern teaching methods.
